

UNITE is a pre-collegiate, academic, summer program for rising 9<sup>th</sup> through 12<sup>th</sup> grade students from groups historically underrepresented and underserved in STEM areas. The program is designed to encourage and help prepare students to pursue college-level studies and, ultimately, careers in engineering and related STEM fields. UNITE is funded by the Army Educational Outreach Program (AEOP) and managed by the Technology Student Association (TSA).

---

**Type of volunteers needed:** Engineers/STEM professionals

**Location:** At one of the sixteen sites below (speakers) or at your facility (field trip/tour)

Alabama State University (AL)  
Fayetteville State University (NC)  
Florida Agricultural and Mechanical University (FL)  
Howard University (DC)  
Jackson State University (MS)  
Harris-Stowe State University (MO)  
Marshall University (WV)  
Michigan Technological University (MI)  
New Jersey Institute of Technology (NJ)  
Texas Southern University (TX)  
University of Colorado, Colorado Springs (CO)  
University of Nevada, Las Vegas (NV)  
University of New Mexico (NM)  
University of Pennsylvania (PA)  
University of Puerto Rico, Ponce Campus (PR)  
Virginia Tech (VA)

**Date:** Programs occur during June and July; exact dates are determined by each site.

**Time needed:** Between 1 and 4 hours (dependent on site needs)

**Description:** Local engineers/other STEM professionals are needed to supplement the STEM curriculum featured at each site by serving as speakers, mentors or as contacts to arrange for field trips to local STEM facilities.

**Skills needed:** Volunteers should be engineers or other professionals in STEM careers.
